SAYS ENTERPRISES MUST STATE
1951 CHEMICAL NEEDS BY 20 JULY 1950

MAIN ADMINISTRATION LISTS AVAILABLE ITEMS -- Kazakhstanskaya Pravda, 8 Jul 50

The Alma-Ata Office of Glavkhimbyt (Main Administration of Chemical Sales) announces that it will take orders up to 20 July 1950 from all enterprises and organizations in the Kazakh SSR for supplying decentralized items contained in the following list, required for 1951. /Decentralized items are those supplied directly to the consumer. Centralized items are ordered through the ministry concerned./ Statements sent later than the prescribed date will not be accepted. Estimates must be substantial, and data must be separated into quarterly requirements on last year's forms. They should be sent to 37 Ulitsa Abaya, Alma-Ata.

List of Items

Acids Department

1. Dilute nitric acid
2. Battery acid
3. Hydrochloric acid (Submit statements on the basis of the approved 1950 catalogue.)
4. Sulfuric ether
5. Isopropyl alcohol

Alkalines Department

6. Refined sodium bicarbonate
7. Glauber salt (sodium sulfate decahydrate)
8. Magnesium sulfate
9. Refined ammonium sulfate (only for the battery industry)
10. Trisodium phosphate

Salts Department

11. Antifreeze
12. Ethylene glycol
13. Barium sulfate
14. Hexachloride
15. Sodium hyposulfite (photographic)
16. Sodium hyposulfite (technical)
17. Glaucanite
18. Sulfocarbon
19. Dichlorethane /"dikhloratan," which may be an erroneous form of "dikhloretan"/
20. Dicyandiamide
21. Crocus /iron oxide/
22. Alum-potassium alum
23. Ammonium chloride
24. Sodium sulfite (photographic), anhydrous
25. Sodium sulfite (photographic)
26. Sodium sulfite (technical)
27. Sodium sulfite (phenolic)
28. Ferric chloride
29. Carbon tetrachloride (for water purification)

Mineral Fertilizers and Toxicants

30. Creolin
31. Crystalline magnesium chloride

Plastics Department

32. Aminoplastic sheets (aminoplasty) (Specify by color.)
33. Pressed powders (pressporoshki) (Statements may be submitted for all types except K-18-2, K-21-22, K-214-2, and K-220-3. These types will not be supplied under decentralized planning in 1951.)
34. Bakelite lacquer
35. Organic glass in blocks
36. Masticated hull rubber (Specify by type: lining, compress, covering, etc. All types of sheet plastic are distributed through centralized planning channels by order of the ministries and departments.)

Lacquer and Paint Department

37. Hydraulic brake fluid
38. "Rematol" binder
39. "Etinol" lacquer
40. Dry facade paints
41. Ultramarine

Industrial-Technical Department

42. Technical plate (Specify by group; and within the group, by thickness.)
43. Rubberized insulation tape
44. Rubber cord (Specify by type: round, square, etc.; and within the type, by gage.)
45. Semisolid insulation pipe (Specify by diameter.)
46. Rubber pipe for scales (Specify by diameter and thickness of the walls.)
47. Ordinary rug mats
48. Dielectric floor mats and rugs
49. Industrial technical rubber gloves, including gloves No 374, which are acid resistant
50. Dielectric gloves, including both low and high voltage types

50X1-HUM

51. Ebonite sticks and pipes (Indicate separately sizes a, up to 20 millimeters; b, from 20 to 50 millimeters; and c, from 50 to 70 millimeters.)
52. Ebonite plate
53. Stoppers for use in chemical work (Specify by size.)
54. Die plate
55. Valve pipe
56. Gutta-percha tape
57. Dry rubber cement
58. Typewriter rollers (Specify by type of machine.)
59. Connections and funnels for water-closet bowls
60. Technical Rubber fingers 244-V
61. Rubberized aprons
62. Collecting shoe plate

Asbestos and Nonasbestos Items

63. Asbestos board (Specify by thickness.)
64. Asbestos heat insulating paper
65. Asbestos thread ChTZ
66. Asbestos packing GAZ
67. Nonasbestos packing, including dry hemp, treated hemp, dry paper, treated paper, dry talc, and treated talc. (Indicate orders for dry hemp, treated hemp, dry paper, and treated paper packing separately by size: a, up to 10 millimeters; b, above 10 millimeters.)

Parts Department

68. Assorted belts and fans for automobiles

Tire Department

69. Repair materials for automobiles
70. First aid kits for automobiles, motorcycles, and bicycles

TAKES ADVANCE ORDERS FOR CHEMICAL SUPPLIES -- Pravda Ukrainy, 8 Jul 50

The Ukrainian Republic Office of Glavkhimbyt (Main Administration of Chemical Sales) of the Ministry of the Chemical Industry USSR notifies all enterprises and organizations in Kiev, Zhitomir, Vinnitsa, Chernigov, and Kamenets-Podol'sk oblasts that it is accepting statements on all chemical and rubber-technical items required for 1951 through decentralized planning.

This announcement applies to all organizations except those belonging to the Ukrainian Council of Industrial Cooperatives and Ukrainian Council of Invalids' Cooperatives systems, and the Ministries of Local Industry, Municipal Economy, Civil Housing Construction, and Agriculture. Statements for these institutions will be furnished by the interoblast offices of the Main Administrations of Supply and the oblast agricultural and zoological-veterinary supply offices.

Statements must be issued by 20 July 1950. Blank forms and a list of items available may be obtained at the Ukrainian office of Glavkhimbyt, 4 Ulitsa Kalinina, Kiev. -- Advertisement

Zarya Vostoka, 6 Jul 50

The Georgian Office of Glavkhimbyt of the Ministry of the Chemical Industry USSR, 2 Ulitsa Machabeli, Tbilisi, is taking orders for chemical and rubber-asbestos materials required for 1951 under the decentralized planning system, up to 20 July 1950.

50X1-HUM

The same forms and specifications issued for 1950 are to be followed. Apply to the operations department of the office, telephone 3-65-49. -- Advertisement

Sovetskaya Litva, 6 Jul 50

The Latvian Republic Office of Glavkhimsbyt of the Ministry of the Chemical Industry USSR announces that from 1 to 20 July 1950 it will take orders from enterprises and organizations for chemicals and rubber-asbestos items which they require for 1951 under decentralized planning. Order blanks and a list of items may be obtained at the office, 2 Ulitsa Totoryu, Vii'nyus. Orders are to be sent to the same address. Those which arrive late will not be considered. -- Advertisement

Sovetskaya Kirgiziya, 22 Jul 50

Glavkhimsbyt announces that it will accept applications up to 1 August 1950 for chemical items required through decentralized planning for 1951.

Organizations failing to furnish such statements will not be able to obtain supplies.

Apply to 108 Ulitsa Alma-Atinskaya, Frunze. -- Advertisement

Leninskoye Znamya, 4 Jul 50

All enterprises, organizations, and establishments which will need chemical and rubber-asbestos products during 1951 must file application for the specified product with the Petrozavodsk Office of Glavkhimsbyt, Ulitsa Anokhina, d. 67, before 15 July 1950.

Application forms and a list of items can be obtained at the same office. -- Advertisement
